

MIC-M72

Microphone

CONTACTA 1:1 HEARING LOOPS

The M72 Microphone features a noise cancelling capsule and a halo light indication at the base of the microphone stem that lights up Green when the system is working correctly and Red when a fault is detected.

It is suitable for use in customer facing situations where there may be a high ambient noise level. It can be easily mounted to a table top using standard self-adhesive pad. The M72 is compatible with the HLD2 Hearing Loop Driver.

Physical Data

Dimensions	Height – 4.24" Diameter of Base– 1.59"
Weight	0.19lbs
Construction	ABS Plastic Finish
Finish	Pin Seal Fine Texture

Technical Data

Frequency Response	70Hz – 20kHz
